PROCEDURE TEXT

A Procedure tells how to do or make something.

A Procedure consists of:

1. Aim/Goal: this part tells what will be made or done.
2. Materials: this part is a list of what is needed.
3. Steps : this part explains how it needs to be done.

A procedure usually uses temporal conjunctions such as first, second, after that, then, next, finally.

A procedure usually uses imperative verbs.

Ex: *Cut up* a pineapple.

Add some water.

The example of Imperative Verbs

- Pour = tuang
- Chop = cincang
- Stir = aduk
- Grate = parut
- Boil = didihkan
- Grind = haluskan
- Turn on = nyalakan

- Take = ambil
- Place = tempatkan
- Fill = isi
- Fry = goreng
- Heat = panaskan
- Mix = campurkan
- Cook = masak

How to make a cup of coffee

Materials:

You will need a spoonful of sugar, a teaspoon of coffee, and some water.

<u>Steps:</u>

First, boil some water in the kettle.

Then, put a teaspoon of coffee into a cup.

Add a spoonful of sugar.

Fill in the cup with boiling water.

Finally, stir the mixture for a few moment and the coffee is ready to be served.
